

How to Reach Us After Hours

An important part of the service we offer to parents is telephone access to a pediatrician to help with urgent problems or questions that can't wait until regular office hours. We want you to feel secure in the knowledge that "we've got your back" 24/7 when it comes to your children's health.

Our office hours are Monday through Thursday 8:40 am to 4:30 pm, and Fridays 8:40 am to 12 Noon. Getting hold of us after hours is simple: Just call our office number, (831) 462-5439. This will get you our answering service. If you feel your question requires immediate attention, make sure you tell them you'd like to speak with the doctor right away or at least within the hour.

We appreciate it when parents wait until regular office hours to call us about routine, non-urgent problems.

You may also contact us by email, but we only check email in the mornings. Please use email for non-urgent problems only, and not on weekends or holidays.

For prescription refills, call your pharmacy and leave a request with them. If you're out of refills, they will contact us.

Thank you for your consideration and cooperation.
